Petroleum Products

Explore our exceptional range of petroleum products, encompassing heavy and light hydrocarbons, along with our renowned Jet Fuel (Aviation Fuel).

Our heavy hydrocarbons are ideal for various industrial applications, while our light hydrocarbons find versatility in solvent extraction and chemical synthesis. Rest assured, our Jet Fuel meets rigorous aviation standards, ensuring peak performance and safety. Count on us as your trusted source for top-quality petroleum solutions, tailored to meet your specific needs.

Aviation Fuel

Introducing Kimiya Johar, your reliable partner in the world of aviation fuel. We take pride in offering a comprehensive range of high-quality aviation fuel products, including JET A-1, the preferred choice for commercial and military aircraft, helicopters, turboprops, and more. Our aviation fuel is meticulously refined to meet and exceed the stringent industry standards for quality and performance. With a Distillation Range of 150°C - 250°C, a flashpoint 40.0°C (104°F), and a maximum Pour Point of -49°C, our JET A-1 fuel ensures optimal performance even in extreme conditions. Count on us for consistent, reliable, and safe aviation fuel that powers your flights with efficiency and confidence. At Kimiya Johar, we are committed to delivering excellence in every drop of aviation fuel we provide.

Chemical Products

Discover our diverse range of chemical products, including Caustic Soda Flakes, Hydrogen Peroxide, Corn Cationic Starch from Asia Fructose Thailand, Borax Decahydrate, Borax Pentahydrate and Boric Acid produced by Etimaden Turkey, Potassium Carbonate and Potassium Hydroxide from Unid company South Korea, Citric Acid produced by Ensign China company, as well as a variety of thinners and soaps by Kimia Johar. Experience exceptional quality and reliability with our comprehensive selection of chemical solutions.
